

KinderConnect – How to Disable Pop-Up Blockers in Mozilla Firefox

If pop-up blockers are enabled on your computer, it may prevent you from downloading/exporting reports.

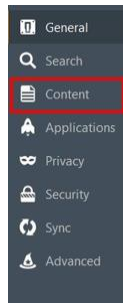

- A** Open Mozilla Firefox and click the three-line icon at the top corner of the screen.

- B** Click **Options**.

- C** In the menu on the left, click **Content**.

- D** Uncheck **Block pop-up windows** under **Pop-ups**.

Changes will be automatically saved.
