

KinderConnect – Operator Changes Password

Occasionally, an **Operator** may wish to change their password once they are logged into KinderConnect. Passwords are also required to be changed every 90 days.

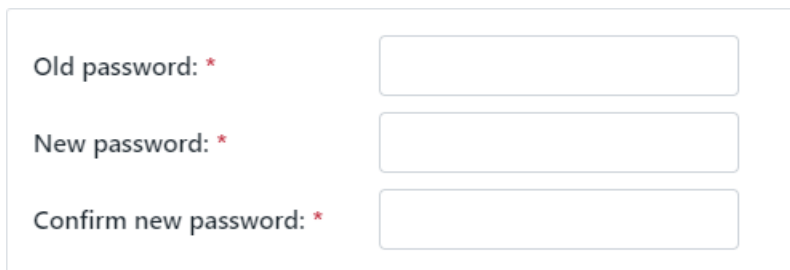

- A** Click on **My Account** under **Operator**.

- B** Click on **Change Password**.

- C** Enter the **Old password**, **New password**, then **Confirm new password**.

A screenshot of a form with three input fields. The first field is labeled 'Old password: *', the second is 'New password: *', and the third is 'Confirm new password: *'. Each field has a red asterisk indicating it is a required field.

Note: The red asterisk (*) signals a required field.

- D** Press **Save**.
