

# KinderConnect – View Error Log

The **Admin > Error Log** page is a research tool used only by the software developers to examine the details of all errors received by KinderConnect users during a selected time period. Only the System Administrator can view the Error Log.

**A** Click on **Error Log** under Admin.

**B** Enter the Start **Date** and **End Date**. If you have an error number you're specifically searching for, enter the **Error Number**.

**C** Press **Search**. Select the corresponding radio button to select a Provider. Press **OK**.

**D** The Errors will display below.
